# Epiphany Tech Consulting, LLC

Does the use of computers in your organization frustrate you, or leave you confused?

Whether you are working with standard office applications such as Microsoft Office®, utilizing the internet, improving system security and virus protection, or wanting to network a number of computers, I can help. I have a great deal of experience relating today's technology to everyday applications.

Give Epiphany Tech Consulting, LLC a call for help. Suddenly, you too can have an epiphany—a sudden understanding of how this technology can help you serve your clients better.
